

## RESTROOM & SHOWER TRAILERS

All units now available with  
Fiberglass Gelcoat Exterior

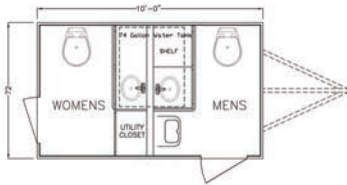

*Art is in more  
than our name.*

See our many floor plans or let us customize one to fit your needs. All units are custom built in-house. Starting with steel directly from the mill, we construct a heavy duty built frame and tank designed from the ground up to be a Restroom Trailer not a RV or cargo trailer retrofit. By being builders, and just not assemblers, we are able to customize any unit to the customer's exact specifications or wants. Our standard features and options work well with any event or work site. Both our Restroom and Shower Trailers are designed with a sleek appearance and easy set-up features.

*We build with quality, safety, privacy and ease of set-up in mind.*
